Projects

6 Months

ICICI iLens Automation

Enhanced Code Quality and Conducted Regression, Sanity Testing in User Acceptance Testing (UAT) for ICICI Bank and test case design and maintanence of Scripts.

5 Months

ICICI iLens Manual

I have did smoke testing. Regression testing, Smoke testing, API testing in UAT, by implementing software development life cycle (SDLC) and Agile methodologies, ensuring that testing processes align seamlessly with project timelines and deliverables. My proactive approach to problem-solving and strong attention to detail have enabled me to identify and resolve critical issues early in the development cycle.
