EXPLORE

I am now keen to explore new and challenging areas of work and what best than Administration or Learning & Development. These areas not only provide the best experience ever in relation to work but also provide an opportunity to prove oneself. Job satisfaction with ample opportunity to grow as an individual personally as well as professionally is another reason why I want to shift my focus to the above areas.

My current job experience of training, quality and processing will blend well to help me excel in the new field immensely.
