Objective

Entry-Level Cybersecurity Analyst | Practical Experience in SIEM, Threat Detection & Incident Response. A motivated and detail-oriented IT professional with over 7 years of experience across BPO, Banking & Financial Services (BFSI), and IT Support domains. Recently transitioned into cybersecurity with hands-on experience in SIEM tools, threat analysis, and incident response. Built a solid foundation in core cybersecurity principles and bring strong transferable skills in problem-solving, communication and technical support to help protect and enhance organizational security. Actively seeking full-time opportunities as a **SOC Analyst (L1)**, **Cybersecurity Analyst**, **Information Security Analyst**, or **GRC Analyst**, where I can contribute to proactive threat detection, efficient incident handling and strengthening overall cyber defence posture.

Certifications

- Certified Ethical Hacker (CEH) – Texial Institute, Bangalore (2024–2025)
- SOC Analyst – Texial Institute
- Cisco Networking Academy:
    - Introduction to Cybersecurity
    - Networking Basics
    - Introduction to IoT
    - *Currently Pursuing:* Network Defense
- ISC2 Certification Track – Certified in Cybersecurity (CC) for Course completion
    - Completed learning in all 5 domains and earned certificates and badges
- Microsoft Training Program
    - Completed training in Microsoft SOC Analyst Student program and earned Certificate
- Completed Secops exam - Certified Network Practitioner (CSNP) and earned Certificate.

Cybersecurity Skills & Tools

- Security Tools: Nmap, Wireshark, Burp Suite, Nikto, Metasploit
- SIEM & Monitoring: Familiar with Splunk, alert triage, log analysis
- Platforms: TryHackMe (CEH and SOC Labs, Threat Hunting), Cisco NetAcad

- Systems & Cloud: Windows, Linux, Azure, Active Directory
- Security Concepts: Threat detection, vulnerability management, SOC operations
- Frameworks & Standards: MITRE ATT&CK, NIST, PCI DSS, SOC I/II, ISO/IEC 27001
- Support & Infra Tools: ITSM platforms, remote troubleshooting, ticketing systems like ServiceNow.

Core Competencies

- Security Event Monitoring (SIEM)
- Threat Detection & Incident Response
- Log & Packet Analysis
- Privilege Escalation Techniques
- Vulnerability Assessment & Management
- SOC Workflow & Fundamentals
- Windows/Linux/Azure/Active Directory/Identity Access Management
- Customer and Technical Support and Troubleshooting

Cybersecurity Projects & Labs

- Web Application Security Audit (giftacareer.in)
    - Performed security testing with Nikto and Metasploit; found SSL/TLS misconfigurations and proposed mitigations aligned with OWASP Top 10 and updated on GitHub
- Social Engineering Simulation (CEH)
    - Simulated phishing scenarios using Storm Breaker & Ngrok; recommended countermeasures like MFA and user awareness training and updated on GitHub.

Professional Experience

Technical Support Specialist – Infosys BPM Ltd
Feb 2024 – Oct 2024

- Provided Tier-1 support for GE Vernova; resolved ~50+ monthly technical tickets.
- Managed endpoint/application issues using ITSM platforms and SLA-based tracking.
- Assisted with troubleshooting Windows, AD, and network configurations in enterprise environments.

Senior Technical Support Executive – IBM India Pvt Ltd / Kyndryl Solutions Pvt Ltd
Mar 2019 – Sep 2022

- Delivered L1/L2 infrastructure in Helpdesk/service desk support for 3 International Projects.
- Collaborated with DevOps and Incident Management teams on resolving endpoint and server incidents.
- Completed internal trainings on IBM Cybersecurity as a part of ISO Audit.s

Senior Process Executive – Cognizant Technology Solutions
Sep 2013 – Aug 2017

- Supported secure financial transactions for clients like JP Morgan Chase & Bank of America.
- Ensured compliance with transaction security protocols and audit requirements.
- Coordinated with manual disbursement teams to resolve payment issues efficiently.

Education

Bachelor of Technology (B. Tech) – Electrical & Electronics Engineering
Al-Ameer College of Engineering & IT - Affiliated to JNTU Kakinada (Graduated 2010)

Languages

English • Telugu • Hindi • Tamil • Kannada

Professional Development & Technical Engagements

- Passionate about participating in technology-focused events to stay updated and continuously grow with emerging innovations.
- Attended **Microsoft AI Tour** (Jan 2025) – Explored real-world AI applications, Microsoft's latest AI tools, and gained knowledge on Co-Pilot services.
- Participated in **Cisco Webinar on Cyberattacks & Threats** (Feb 2025) – Learned about current threat trends and detection best practices.
- Completed **ControlCase Webinar on SOC 2 Compliance** – Gained insights into SOC 2 audits, data privacy frameworks, and risk mitigation strategies.
- Regularly engage with community platforms such as LinkedIn and other technical forums to stay informed on emerging cybersecurity threats and tools.
