LinkedIn [www.linkedin.com/in/jainab-shaikh-610184220]

Biotechnology postgraduate with a strong foundation in molecular biology, analytical techniques, and research. Skilled in data interpretation, experimental design, and collaboration. Passionate about biosensors, Industrial Biotechnology, and sustainable biotechnology applications.

## Academic Qualifications

**Modern College of Arts, Science and Commerce (2023–2025) – M.Sc. in Biotechnology (72.45%)**
Dissertation: Molecular Docking of Potential Anti-Cancer Drug Targeting VEGFR-2
**Spicer Adventist University (2019–2022) – B.Sc. in Biotechnology (80.48%)**
Project: Antimicrobial Activity of Poultry and Agricultural Waste

## Research Experience

**Intern – Central Bee Research and Training Institute (May–June 2024)**
• Conducted AGMARK-compliant analysis of Apis mellifera honey samples ensuring quality compliance.
• Trained in honey quality testing procedures and biochemical assays.
• Learned fermentation and microbial quality control methods relevant to apiculture.

## Technical Skills

• Molecular Biology: SDS-PAGE, Gel Electrophoresis, PCR, ELISA, DNA/RNA Isolation | • Biochemistry: Spectrophotometry, Dialysis, Protein Estimation | • Microbiology: Media Prep, Streaking, Colony Count, Fermentation | • Instrumentation: Centrifuge, Spectroscopy, Autoclave, pH Meter | • Software: MS Office, Data Analysis, Literature Review

## Professional Development

• Workshop on Molecular Docking | Neurobiology Course – ScienSpur | 3-Day Hands-On Workshop: Stem Cells, Drug Discovery & Screening

## Volunteer & Extracurricular

• Presented molecular biology techniques in a German exchange program | Organized science exhibition at university level | Attended seminar on Cloning Technology by Dr. M.C. Kharkwal | Participant – University BioFest

## Keywords

Biotechnology, Molecular Docking, PCR, ELISA, Spectrophotometry, Microbial Culture, Data Analysis, Industrial biotechnology, Biosensors, Sustainable Biotechnology, Quality Testing, Drug Discovery.
