SUMMARY

Finance enthusiast currently learning **Valuation and Financial Modeling**, with a strong interest in investment banking and corporate finance. Skilled in financial analysis, Excel, and understanding key valuation concepts to support data-driven decision-making. Recent experience as a Finance Intern involved managing tax compliance, conducting bank statement reconciliations, and supporting auditing processes, all aimed at enhancing financial integrity. Also, I have completed an **MBA in Finance**. ready to leverage academic knowledge and practical skills to contribute effectively in a finance role.
