PROFILE

MBA in Finance with a Bachelor's in Commerce, with knowledge of financial analysis, budgeting, and strategic planning through academic and internship projects. Proficient in excel, PowerPoint, and Power BI, with strong analytical abilities and a creative mindset. Adaptable and eager to contribute to impactful financial solutions in dynamic environments.

INTERNSHIPS

Moneywise Wealth Planners JAN 2025- APR 2025

Assistant to MD

- Oversaw daily operations and client engagement while supporting financial functions.
- Prepared investment reports, Excel dashboards, and performance summaries.
- Coordinated with marketing, compliance, and research teams, led client/stakeholder meetings, and contributed to strategic financial planning and proposal development.

Mangala Industries FEB 2023 - JULY 2023

Financial Analyst

- Performed in-depth analysis of financial data, including income statements, balance sheets, and cash flow statements, to identify trends, variances, and key performance indicators.
- Developed and maintained complex financial models to forecast future financial performance, assess investment opportunities, and support strategic decision-making.
- Prepared comprehensive financial reports and presentations for senior management, board of directors, and external stakeholders, highlighting key findings and recommendations.

PROJECTS

Financial Model for Personal Budgeting and Savings Planning

Outcome: Successfully managed personal finances, achieved savings targets, and demonstrated strong financial planning and analytical skills.

Expense Tracking and Budget Optimization for a Student Organization

Outcome: Improved financial oversight and resource allocation for the student organization, leading to better management of funds and more efficient use of resources. This project showcased my ability to apply financial management skills in a practical and straightforward context.
