PROFESSIONAL SUMMARY

B.Sc. Computer Science graduate with a CGPA of 9.23 and a strong foundation in IT systems and technical support concepts. Experienced as a Frontend Developer with practical knowledge of web technologies, along with experience as an HR & Payroll Executive in a back-office environment. Demonstrates a keen interest in hardware troubleshooting, desktop support, and IT support operations. An enthusiastic and adaptable learner, comfortable with ERP, SAP, and new software tools, seeking to build a long-term career in IT support.

EXPERIENCE

Payroll Executive August 2025 – November 2025
ShobRaj Logistic Pvt Ltd

- I was responsible for managing the complete payroll process. My duties included calculating employee salaries based on attendance and leaves, handling statutory deductions like PF, ESIC, and TDS, and generating and distributing payslips.
- I also ensured timely salary disbursement to employee bank accounts and maintained statutory compliance with government regulations.

Frontend Developer - Famepilot Project March 2024 – January 2025
WRT Infotech Pvt Ltd

- Designed and developed dynamic and responsive web pages based on Figma UI designs, ensuring a seamless user experience across devices.
- Integrated RESTful APIs and implemented scalable user interfaces using React.js and Redux, enhancing state management and application performance.
- Utilized React Hooks to efficiently manage component state and lifecycle, improving maintainability and performance.
- Optimized application performance through code-splitting and lazy loading techniques, significantly reducing load times and improving user engagement.

Wordpress Developer Intern September 2023 – January 2024
Digipeddle Technologies Pvt Ltd

- Gained hands-on experience in WordPress development, including theme customization, plugin integration, and drag-and-drop builders.
- Customized WordPress themes and plugins to enhance website functionality and user experience.
- Designed and developed responsive, visually appealing web pages to improve user engagement.
