OBJECTIVE

Experienced professional with hands-on experience in investigation and case-based due diligence, customer risk assessment, and regulatory compliance. Demonstrated ability to conduct CDD/EDD investigations, perform sanctions and PEP screening, analyze customer activity, and prepare audit-ready case documentation in high-volume environments. Seeking an opportunity within a global financial services organization to contribute to AML and regulatory compliance operations.

EXPERIENCE

Associate Process Manager Oct 2024 - Oct 2025
eClerx Services Limited Pune, India

- Conduct case-based AML/KYC due diligence reviews on customer accounts triggered for review, in accordance with regulatory and internal compliance standards.
- Performed CDD and EDD investigations, including verification of customer identity, entity structure, beneficial ownership, and business activities.
- Analyze account activity, customer profiles, and transactional behavior to identify AML, sanctions, and financial crime risk indicators.
- Execute sanctions, PEP, and adverse media screening using LexisNexis and World-Check, documenting findings and risk assessments.
- Perform gap analysis on customer documentation, identifying missing or inconsistent information and recommending remediation actions.
- Conduct ownership and UBO drill-downs to assess complex entity structures and associated risks.
- Prepare clear and concise case narratives, investigation summaries, and escalation notes, ensuring audit readiness and timely case closure.
- Escalate high-risk findings and red flags in line with AML governance and escalation procedures.
- Collaborate with Sales, Middle Office, Operations, and Compliance teams to resolve documentation gaps and support stakeholder communication.
- Support monitoring of process controls to strengthen AML, operational, and regulatory compliance effectiveness.
- Consistently meet SLA timelines while maintaining high standards of accuracy, quality, and regulatory adherence in a deadline-driven environment.

Finance Intern Jun 2024 - Aug 2024
PATERSON SECURITIES PVT. LTD Pune, India

- Gained practical exposure to equity markets, order types, bid-ask spreads, and market functioning.
- Assisted in financial analysis and valuation concepts, including application of valuation techniques to high-growth and new-age companies.
- Analyzed case studies of the US banking crisis to understand risk factors, operational failures, and decision-making impact on financial stability.

CRM Intern Dec 2023 - Jan 2024
Unibricks Realty LLP Pune, India

- Maintained and updated client databases and financial records to ensure data accuracy.
- Assisted in preparation of basic financial reports and analyses supporting real estate transactions.
- Supported CRM activities to enhance client communication and operational efficiency.
