SUMMARY

Compliance and operations analyst with 2+ years of experience performing regulatory reviews, investigating alerts, and ensuring adherence to defined policies in a high-volume environment. Experienced in monitoring data patterns, performing root cause analysis, escalating risk findings, and maintaining audit-ready documentation. Strong analytical mindset with advanced Excel and reporting skills, and proven ability to learn new compliance frameworks quickly and handle multiple investigations simultaneously.

PROFESSIONAL EXPERIENCE

Sr. Associate, Product Compliance 08/2023 – 08/2025

Amazon

- Reviewed and validated product submissions against regulatory policies and internal compliance rules.
- Investigated flagged cases and inconsistencies, performed detailed analysis, and documented findings before closure.
- Escalated high-risk or ambiguous cases to senior stakeholders for further review and decision-making.
- Conducted root cause analysis on recurring issues and recommended corrective actions to prevent reoccurrence.
- Monitored operational queues and alerts to ensure timely resolution within defined turnaround timelines.
- Created investigation documentation, trackers, and audit-ready reports using Excel.
- Identified patterns and anomalies in datasets and supported refinement of validation logic to improve monitoring accuracy.
- Collaborated with global stakeholders to clarify requirements and resolve complex compliance queries.
- Supported continuous improvement initiatives by optimizing workflows and standardizing SOPs.
- Built performance and monitoring dashboards to track accuracy and operational risks.
- Participated in cross-team discussions to share findings and improve control effectiveness.

PROJECTS

EPR WEEE Battery Classification – Regulatory Compliance System 11/2024 – 01/2025

- Gathered business requirements from compliance stakeholders and documented BRD & SRS.
- Created functional flow diagrams and basic FRD for classification logic.
- Classified 5,000+ electronics products into correct EPR categories.
