CAREER OBJECTIVE

B.Pharm final-year graduate transitioning into Pharmacovigilance and Clinical Data Management, currently pursuing specialized training in Pharmacovigilance, Clinical Data Management, and Clinical Research at Pharmadaily. Strong foundation in GMP/GCP guidelines, data documentation, and analytical accuracy built through pharmaceutical industrial training. Seeking an entry-level PV/CDM role to apply attention to detail, regulatory awareness, and data-handling skills in adverse event reporting and clinical data processes.

SKILLS & ABILITIES

Pharmacovigilance & CDM: Adverse Event (AE) Reporting Basics | ICSR Case Processing (Trainee-level) | MedDRA Coding (Foundational) | Clinical Data Management (CDM) Concepts | Data Validation & Query Resolution | ICH-GCP Guidelines | Good Regulatory Practices (GRP)

Technical: HPLC Analysis | UV-Visible Spectroscopy | GMP & GLP Awareness | SOP Documentation | Medical Writing Fundamentals

Computer: MS Word | MS Excel | MS PowerPoint | Data Entry Accuracy

Professional: Analytical & Problem Solving | Attention to Detail | Project Management | Team Collaboration | Self-Motivated

TRAINING – PHARMACOVIGILANCE & CLINICAL DATA MANAGEMENT

Pharmadaily — Certificate Programs (Ongoing)

- Pharmacovigilance — Started 1 July 2026 (in progress, expected completion: October 2026)
- Clinical Data Management (CDM) — Started 1 July 2026 (in progress, expected completion: October 2026)
- Clinical Research — Started 1 July 2026 (in progress, expected completion: October 2026)
- Coursework covers: adverse event identification & reporting, case processing fundamentals, clinical trial data handling, data validation, and regulatory documentation standards.

EXPERIENCE

Silitzer Pharma Pvt. Ltd., Maharashtra | May 2025 – June 2025

- Completed training across QC, QA, Production, and Microbiology departments.
- Performed HPLC analysis and UV-Visible Spectroscopy on pharmaceutical samples.
- Gained exposure to GMP practices, batch documentation, SOPs, and quality systems — directly transferable to data accuracy and compliance needs in PV/CDM roles.
- Assisted in in-process quality checks and maintained analytical records per GLP standards, building strong documentation and data-integrity discipline.

ACADEMIC BACKGROUND

Bachelor of Pharmacy (Final Year) — Smt. Kishoritai Bhoyar College of Pharmacy, Kamptee | 2023–2026

HSC – 12th Standard — Anand Niketan College, Warora | 2020–2021

SSC – 10th Standard — St. Anne's High School, Warora | 2018–2019

CERTIFICATIONS & ACHIEVEMENTS

- LSSSDC Certified — Production Machine Operator, Non-Sterile Formulation (2025)
- LSSSDC Certified — AI in Pharma: Transforming Life Sciences Through Technology
- Certified Course in Medical Writing for Beginners, IMWA (2026)
