WORK EXPERIENCE

Legal Associate – Legasis Private Limited (June 2025 – Present)

Associate, Legasis Pvt. Limited (Secondment to Client at Pidilite Industries Limited)

- Managed end-to-end compliance requirements for the client during secondment, covering implementation, monitoring, and ongoing support activities.
- Led compliance implementation by mapping applicable laws, creating structured compliance frameworks, and ensuring alignment with business operations.
- Acted as a primary point of contact for the client, resolving compliance-related queries and providing practical regulatory guidance.
- Oversaw continuous compliance tracking and ensured timely closure of tasks within the compliance management system.
- Collaborated with internal and client teams to streamline processes and improve overall compliance efficiency.
- Supported audits and reviews by preparing documentation, reports, and ensuring readiness for regulatory inspections.

Associate, Legasis Private Limited – Pune Office

- Tracked daily legal updates from official sources, delivering industry-specific summaries and sharing impactful flash alerts to keep clients ahead of legislative shifts.
- Developed comprehensive compliance checklists from applicable Acts, Rules, and Regulations to help clients understand and comply with statutory obligations.

- Managed portfolios, providing strategic advice on Labour, Petroleum, Environment, Taxation, and Chemicals Safety Laws.
- Collaborated with cross-functional teams on gap analyses, remediation plans, and audit report drafting to reduce compliance risks.
- Supported the implementation team by mapping compliance requirements based on clients' business activities.

INTERNSHIP

Intern, TeamLease RegTech, Pune (February 2025 – May 2025)

- Conducted comprehensive legal research and analysis on compliance laws across multiple domains including environment, labor, HR, and health regulations.
- Assisted in compliance mapping activities by comparing state and central regulatory frameworks to ensure alignment with audit requirements.
- Contributed to drafting audit reports and compliance recommendations under senior supervision, including research on provisions of the FSSAI Act.

Intern, Maharashtra Enforcement (June 2024 – August 2024)

- Engaged in comprehensive research on regulations imposed by PNGRB (Petroleum and Natural Gas Regulatory Board), contributing to the development of the company's strategies in line with industry standards.
- Coordinated with the team to investigate IP Rights infringement and conducted research on copyright and trademark matters.

Intern | Think Gas Distribution PVT LTD, Noida (May 2023 – July 2023)

- Assisted the legal team in drafting and reviewing vendor agreements, ensuring compliance with company policies and legal regulations.
- Assisted in the creation of contracts, demonstrating meticulous attention to detail in outlining terms and conditions, contributing to the smooth execution of agreements, and conducting in-depth legal research on Land Revenue Rules, providing valuable insights and recommendations to enhance the company's understanding and compliance with relevant land laws.
- Engaged in comprehensive research on regulations imposed by PNGRB (Petroleum and Natural Gas Regulatory Board), contributing to the development of the company's strategies in line with industry standards.
