Associate Information Security Analyst | ISO 27001 Lead Auditor | GRC Practitioner

+91-8209727865 | ravisinghal1405@gmail.com | Noida, Uttar Pradesh | www.linkedin.com/in/ravi-singhal-0568242a6

PROFESSIONAL SUMMARY

Information Security, IT Audit, and GRC professional with nearly 1 year of practical experience supporting ISO 27001 and SOC 2 engagements across 7–8 clients in Fintech, Technology, SaaS, and Legal sectors. Experienced in control assessments, control testing, gap analysis, risk assessment, audit documentation, and IT General Controls (ITGC), with hands-on exposure to IT audit, risk, and compliance activities.

WORK EXPERIENCE

Associate Information Security Analyst

November 2025 – July 2026

CyberSRC Consultancy Pvt. Ltd. — Noida, India

- **ISO 27001:** Executed end-to-end gap assessment activities across 3–4 client engagements - Kick-off → Walkthroughs → Control Evaluation → Evidence Collection & Review → Gap Identification → Audit Report Drafting - covering Access Control, Asset Management, HR Security, Physical Security, Operations Security, Supplier Security, Incident Management, and Business Continuity.
- **SOC 2 Type II:** Supported 2 audit engagements across Security, Availability & Confidentiality; conducted kick-off meetings, stakeholder walkthroughs, control assessments, evidence collection and review, gap identification, and audit documentation.
- **RBI Regulatory Audits – BBPS & PPI**: Supported regulatory audits for 1 client as part of a 2-member team; performed walkthroughs, control assessments, documentation review, evidence collection/tracking and validation, gap identification, and final audit report preparation across Information Security, Access Management, Change Management, Incident Management, Vendor Management, and Asset Management.
- **ITGC:** Performed control assessments within ISO 27001 and SOC 2 engagements across Access Management, Joiner-Mover-Leaver (JML), Password & Authentication, Change Management, and Segregation of Duties (SoD), covering walkthroughs, evidence review, control testing, and gap identification.
- **WCAG 2.2 Accessibility:** Executed accessibility testing across 2 client projects using Silktide, WAVE, Lighthouse, Text Spacing Editor, and NVDA; identified accessibility issues, mapped findings to WCAG Success Criteria, prepared reports, and performed re-testing and remediation validation.
