Ankita Sonawane

Human Resource

I am an enthusiastic IT Recruiter with a year of experience in sourcing and placing top tech talent across various industries. Leveraging effective recruiting methods and tools, I specialize in identifying skilled professionals in areas such as Power BI Development, DevOps, Data Analysis, and BI Development. I stay up-to-date with industry trends and technologies to ensure I meet my clients' needs. I am also committed to fostering diverse and inclusive workplaces by recognizing and valuing the unique strengths of each candidate.
