PROFESSIONAL EXPERIENCE

Human Resources Executive

Dec ‘23 – Jan ‘25

Augustus Healthcare India LLP (Augustus HCS)

Pune, India

“*Augustus Healthcare India LLP (Augustus HCS) has always been a leader in providing value-centric solutions to the Health Care Industry. We believe ingenious investments are always in improving methodologies, human resources and zeal to innovate*.”

- Hiring & Recruitment: Led the recruitment process from job postings to candidate screening, interviews, and selection. Collaborated with department heads to meet staffing needs and ensure alignment with company goals.
- Salary Discussions & Negotiations: Managed salary discussions and negotiations with both new and existing employees, ensuring fair and competitive compensation aligned with company budget and industry standards.
- Onboarding & Induction: Oversaw the onboarding process, including document verification, orientation, and ensuring new hires were integrated smoothly into the company’s culture and operations.
- Payroll Management: Managed end-to-end payroll processing, ensuring timely and accurate salary disbursement while adhering to tax and compliance regulations.
- Salary Structure Management: Developed and maintained structured salary frameworks, ensuring alignment with industry standards and internal pay equity policies.
- Statutory Compliance (PF, ESIC, PT): Administered Employee Provident Fund (PF), Employee State Insurance (ESIC), and Professional Tax (PT) contributions, ensuring compliance with labor laws and statutory requirements.
- Employment Agreements & Offer Letters: Drafted, reviewed, and issued legally compliant employment agreements and offer letters for new hires, promotions, and contract renewals.
- Appraisal & Performance Management: Coordinated employee appraisal processes, ensuring timely feedback and performance reviews aligned with career development plans.
- Employee Master Data & Record Management: Managed accurate and up-to-date employee data, including personal details, job history, and performance metrics, ensuring compliance with data protection regulations.
- Exit Process Management: Handled complete employee exit procedures, including resignation acceptance, exit interviews, clearance, final settlements, and legal documentation.
- Background Verification (BVG): Managed and executed the full background verification (BVG) process for new hires, ensuring thorough checks and compliance with company policies.
- Employee Problem Resolution: Acted as a point of contact for employee concerns, providing effective solutions to resolve workplace issues and ensuring a positive work environment.

- HR Software Utilization (HR Mangtaa): Proficiently used HR Mangtaa software for managing employee records, attendance, payroll, performance management, and generating HR reports.
- HR Documentation & Record Keeping: Managed and organized comprehensive employee documentation, including recruitment records, employment contracts, offer letters, performance evaluations, attendance records, and payroll information, ensuring compliance with company policies and legal requirements.
- Statutory Compliance & Legal Documentation: Ensured all HR documentation, such as PF, ESIC, PT, and tax filings, were accurate, up-to-date, and in compliance with local labor laws and government regulations.
- Audit-Ready HR Records: Maintained well-structured and easily accessible HR records to ensure audit readiness, supporting both internal and external audits by providing accurate, organized documentation when required.
- Audit Data Management: Collected, reviewed, and prepared necessary documentation and reports for HR audits, ensuring proper filing of employee data, payroll records, and statutory compliance records, to facilitate smooth and efficient audit processes.
- Confidentiality & Data Protection: Maintained confidentiality of employee data while ensuring HR documentation was securely stored and protected in compliance with data protection laws and company protocols.
- HR System & Documentation Audits: Regularly conducted internal audits of HR documentation processes, identifying areas for improvement, ensuring compliance, and addressing discrepancies in employee records or files.
