About Me

Detail-oriented Process Executive with over **3 years of experience** in timesheet and invoice processing across healthcare and logistics domains. Skilled in Excel, financial documentation, and cross-functional coordination to ensure accurate and timely payments. Strong analytical mindset with a focus on efficiency, compliance, and problem-solving.

Work Experience

ID Medical - Process Executive

DEC 2022 - Present

Timesheet Management

Uploaded timesheets to client payment portals within deadlines to ensure timely payments to healthcare professionals (HCPs).

Tracked and submitted timesheets accurately to avoid payment delays.

Unapproved Timesheet Reports

Prepared and shared detailed reports on unapproved timesheets with client-facing teams.

Followed up with NHS trusts to get approvals and prevent payment disruptions.

Job Codes & Pay Rate Submission

Submitted correct job codes, pay rates, and agency fees for accurate hour-claiming and billing.

Payment Query Resolution

Investigated and resolved payment queries raised by HCPs by identifying root causes.

Coordinated with clients and internal teams to ensure timely corrections and accurate payments.

Team Training & Documentation

Created clear process guides for timesheet submission across various payment systems.

Trained and supported team members to improve compliance and efficiency.

Cognizant Technology Solution - Process Executive

JAN 2022 - DEC 2022

- Processed high-volume freight invoices with accuracy, adhering to U.S. billing standards.
- Verified key shipping documents like BOLs, POs, and delivery receipts for accurate data entry.
- Coordinated with cross-functional teams to resolve billing discrepancies and ensure timely payments.

Projects

- Created a cost sheet for the product **Fast Booster** by analyzing raw materials, calculating costs, and estimating profit margins.
- Gained practical exposure to overhead accounting during an industrial visit to Sumax Enterprise, learning cost allocation and apportionment methods.
