HSBC Limited,
Payroll Analyst

Currently managing end-to-end payroll operations for a diverse employee base, ensuring 100% compliance with statutory regulations and internal HSBC global standards. Beyond core processing, I actively perform **data variance analysis** and **trend reporting** to identify operational bottlenecks. I serve as a functional bridge between HR and Finance, utilizing **root cause analysis** to resolve complex payroll discrepancies. Currently leveraging my **Business Analysis certification** training to document "As-Is" processes and suggest automation workflows that enhance data integrity and reporting efficiency within the payroll ecosystem.

Communication

Skilled at translating complex payroll data into clear, actionable insights for diverse stakeholders. Adept at bridging the gap between technical teams and business units through effective requirement gathering and transparent reporting. Proven ability to facilitate cross-functional collaboration and manage stakeholder expectations within a high-pressure global banking environment

Leadership

Proactive leader focused on process ownership and operational excellence. Proven ability to mentor junior team members and lead small-scale projects to improve data accuracy. Skilled at taking initiative during system transitions by documenting best practices and guiding cross-functional teams toward unified business goals. Committed to fostering a culture of continuous improvement and accountability
