PROFESSIONAL EXPERIENCE

Infosys BPM **July 2024 - Present**
Senior Process Executive - HRO

- Currently working for the End to end HR Payroll processing for 6000+ employees.
- Managed end-to-end payroll processing for employees, from onboarding (joiners) to offboarding (leavers).
- Employee data collection : Gather employee information (personal information, contact info, bank account details, separation details, and salary information.
- Track Time and Attendance: Keep accurate records of employee work hours, including overtime, leave, and other important details.
- Manage Benefits and Deductions: Identify and track employee benefits (e.g., health insurance, retirement contributions) and mandatory/voluntary deductions. Handle registration for new hires and deregistration for employees who leave in Workday.
- Maintain Payroll Records: Keep accurate records of payroll transactions and employee details for future use and audits.
- Resolve Errors: Look into and fix any payroll issues or mistakes reported by employees.
- Work with HR: Coordinate with the HR team to make sure all employee updates—like new hires, terminations, or changes in job status—are correctly updated in the payroll system.
- Ensure Timely Payments: Make sure employees are paid accurately and on time, usually through direct bank transfers.
- Worked on the documentation part like SOP and knowledge of Statutory compliance (PF, ESI, PT, TDS, Gratuity, etc.)
- Resolve Issues: Quickly and accurately fix any payroll errors or discrepancies.
- Handle Employee Queries: Respond to payroll-related questions submitted through the helpdesk.
- Validate Reports: Check the output report against the input file to ensure accuracy.
- Communicate Changes: If any updates occur during payroll processing, immediately inform the vendor to address them.
