PROFESSIONAL EXPERIENCE

Compliance Analyst – KYC / AML *January 2025 – Present*

eClerx Services Ltd., Pune | Client: World's Largest Global Investment Bank (US & EMEA Operations)

- Conduct 50+ end-to-end KYC reviews monthly across 10+ entity types — Individual, Trust, Core Trust, Joint, Estate, PIV, POC, UTMA, Charity, and Foundation — maintaining 98%+ accuracy in CDD/EDD assessments against global AML/KYC and FCC regulatory standards
- Appointed as Quality Checker: review and validate completed KYC cases prepared by fellow analysts, ensuring documentation accuracy, policy adherence, and regulatory completeness before final submission
- Perform comprehensive risk classification (Low/Medium/High) for individual and entity clients, conducting PEP screening and sanctions checks using World-Check and LexisNexis, escalating confirmed high-risk cases within SLA timelines
- Assess client profiles against high-risk jurisdiction criteria including FATF grey/blacklisted countries and HRTC classifications, applying enhanced scrutiny in line with the risk-based approach to AML/CFT
- Execute periodic rolling KYC refresh reviews, updating existing client profiles to reflect current risk classifications and ensure ongoing compliance with evolving regulatory requirements
- Prepare and publish accuracy, productivity, and biweekly performance reports using Advanced Excel (VLOOKUP, HLOOKUP), presenting findings at team huddles to support operational transparency and continuous improvement
- Collaborate with FCC and internal compliance stakeholders to resolve documentation deficiencies, policy escalations, and compliance gaps, maintaining 95%+ on-time resolution rate
- Maintain comprehensive audit-ready case documentation, recording investigation steps, risk decisions, and supporting evidence accurately to meet regulatory and internal review standards
